

Childcare Protest

end subvention. provide adequate funding

Dear Parent,

As you may know, the government recently changed the way Community Childcare is funded. This new "Subvention Scheme" is causing major issues for employers, workers and parents.

- Fees have increases for many parents, in some instances more than doubled.
- Many projects have seen their funding cut, even though they were underfunded in the first place.
- The funding does not provide for descent pay and conditions for workers.

Simply put, we are calling on government to scrap subvention and introduce a new funding system. To highlight these issues, SIPTU and the Childcare Providers Network are organising a protest rally. If you believe that Quality, Affordable Childcare with Quality Jobs is important, please join us on:

Tuesday 9th December
1pm
SIPTU, Liberty Hall, Dublin 1

For more information, please Lo-call Darragh, Stephen or Kathleen at: 1890-747881 or e-mail childcare@siptu.ie
